Profile

Currently in 3rd year Computer Science BSc degree at Nottingham Trent University I have taken part in a wide variety of programming challenges and events such as GameJam and Development society challenges with IBM. I strive to acquire more computational knowledge and more programming languages. Skilled in teamwork and adaptability I will make a great addition to any team.

Experience

Taste Of India / Waiter

June 2019 - June 2021, Bailey

Working in a busy restaurant greeting customers and offering menus, answering questions about menu offerings, processing food and drink orders, carrying food and drinks from kitchen to tables.

- Adaptability to variety of roles within the restaurant including working the bar, serving food, taking orders and handling money
- Interacting with customers to make them feel welcome
- Working in a fast paced environment
- Working as a team to ensure food is delivered on time

Tiffin / Warehouse operative

April 2022 - August 2022, Clerkheaton

Working in a warehouse I checked stock and moved them around to the correct storage places as well as work with machinery.

- Working independently to meet quotas
- Proactivity at work to ensure my assigned job is done
- Regularly work as a team or independently

Sing Kee supermarket / Retail worker

June 2020 - August 2020, Bradford

Working in a store stocking shelves and unloading stock into the stores inventory, as well as helping any customers with enquiries, and working as a cashier.

- Providing good customer service
- Assisted customers with enquires and helping them find what they need
- Handling money
